

# TUFFBUOY-SE

Safety Buoys & Markers

## Features (At-A-Glance)

1. Swivel-eye end connections allow for independent movement between cables and eliminate need for long sections of cable during installation.
2. Heavy-wall impact resistant polyethylene with UV stabilizers.
3. Unsinkable 100% urethane foam fill meeting or exceeding US Coast Guard guidelines.
4. Tough construction resists cracking, chipping, peeling or rusting in any climate.
5. Suitable for use to -40°C.
6. Available in Orange, Yellow and White.
7. Stock sizes for rapid delivery

**TUFFBUOY** are economical float buoys for use in marina's, parks, public beaches and other hazardous areas requiring in-water markers. **TUFFBUOY** are used to define an area that is off limits to boaters and swimmers. These buoys are available in a range of sizes, colors and are readily available from stock. Because they are from Worthington, you know you can count on the quality and excellent product support we are known for.
